## Reviews

We've been using Cambridge Online Tuition for the past year to help our daughter adjust to a new education system in Europe. We explained to Laura the challenges our daughter was facing, particularly her lack of confidence in Maths.

The tutor has significantly improved our daughter's grades, bringing them up to 70% in her end-of-term tests, and has greatly boosted her confidence. We couldn't be more pleased with the results!

## Reviews

My daughter had tutoring for maths & English as she was struggling to get the grades she needed for college. Her tutors James & Ruth were both excellent. She was very nervous at first about having tutoring but they put her at ease. Her confidence grew in both subjects and amazingly she achieved the results she needed and above! Thank you to James, Ruth & Laura!!!

## Year 11 Mock Exams – A Reminder

With Year 11 mock exams coming up soon, we'd like to remind everyone of their importance. These exams form the basis for predicted grades, which are crucial for college applications. Our tutors are here to help students make the most of their preparation.
